THE NEWS

FIRST PHOTO OF WOUNDED PACK IN THE UNITED STATES

These are among the first wounded American soldiers to be invalided back home. They arrived n Boston last week and are convalescing and being treated at Boston City hospital and the Psychopathic hospital. All were wounded in the fighting a round Chateau-Thierry in June, and some of them, as the picture shows, have lost arms and legs. A number of them are marines.

NEWS of WORLD MARKETS

STRIKING STOCK FEATURES

New York, Aug. 5 .- Harvester shares were the striking features of the early dealings on the stock exchange today, advancing 2 points on announcement of the forthcoming dissolution. The few other irregular changes were confined to specialties, General Motors, Sumatra 10bacco and Baldwin Locomotive, supplementing last Saturday's gains. United
States Steel, rails and shippings were dull
and fluctuated within a very narrow radius. Lorillard Tobacco continued heavy,
tet hardened a little in sympathy with

tet hardened a little in sympathy with

timued strength, and in some
up to 28,50c shortly after the call, making
a net gain of 165 points, while December
touched 27,57c, or 102 points higher, with
the advance finding further encouragement in the forecast for continued fair
weather in the southwest.

With Japuary contracts selling at specialties, General Motors, Sumatra To-

dius. Lorillard Tobacco continued heavy, losing almost 5 points.

The market was practically at a standatill during the noon hour, when little more than 10,000 shares changed hands. Leaders continued extremely sluggish, the only features being General Motors and coppers, at extreme gains of 16t3 points. Prices improved substantially in the active later operations under the influence of a sudden inquiry for United States Steel and other favorites at extreme gains of 16t3½ points. The closing

LINCOLN PARK OPENS
FOR NEGROES AUG. 18

This Action Taken in Consideration of Promise of Manufacturers to Economize.

Washington, Aug. 5.—Paper mills of the
country have been listed as essential indistribution as to the sugar regulations as
kelp. Supt. Abel states that he was
kept busy continually answering comraints of those unable to get sugar.
No family is allowed more than two
pounds per person per month. If any
person has secured twenty-five pounds
of more of sugar for canning purposes
he is required to secure a special permit from Supt. Abel. Any one may get
he first twenty-five pounds in the
usual way, this new ruling only afffects those who have already secured
that amount.

ADVANCE OF 120 POINTS Rome Sends Curious Story in

Chicago. Aug. 5.—Record-breaking high temperatures throughout the west and southwest, together with failure of expected rains, led to a wild opening today in the corn market. Opening quotations, which ranged from 1% to 4%c net higher, with September \$1.55%1.61½ and October \$1.55%1.61, were followed by continued strength, and in some cases by additional gains.

Oats went soaring with corn. After a net gain of 195 points, while December

ment in the forecast for continued fair weather in the southwest.

With January contracts selling at 28.30c the market showed an advance of fully 420 points, or \$21 per bale, from the price prevailing just before the publication of the government's crop report on last Thursday. This advance met a good deal of realizing, while there was also some selling on reports of a continued slack spot demand and talk of an easier technical position. Reaction of about half a cent followed, but offerings were fairly we'l taken, with the market comparative-ly quiet and steedy around midday, when prices were still some 68780 points net higher. October reacted from 28.50c to 27.98c and December from 27.37c to 27.50c, with these deliveries running around 28.25c and 27.75c at midday.

The detailed weather reports showing very high temperatures in the southwest held selling in check during the middle of the day, but later offerings increased on reports of rain at Houston. The heavy libring of the morning appeared to have left the market without much support and prices broke very randly toward 2 o'c'ock, with October selling off to 27.70c and December to 27.25c, with active months generally showing declines of some 80 to 110 points from the early high level and back 10 within 20 or 30 points of Saturday's closing.

NEW ORLEANS COTTON.

New Orleans, Aug. 5.—Cotton rose charply today, bulsing 61 to 110 points in the first few minutes of trading. Buying was stimulated by the continued favorable war news, dry weather in the western belt and the warning of a hurricane for the Yucatan channel.

Realizing became general on the long side and the market reacted from the advance under the offerings, standing at Its lowest in the trading up to nooh at a net rise of 419fes points as compared with Saturday's close.

Saturday's close.

The reaction continued in the afternoon, the volume of selling increasing. At 1 o'clock the trading months were 2002s points over the closing figures of Saturday.

NEW YORK COTTON FUTURES

New Orleans, Aug. 5.—Spot cotton, steady; quotations revised; middling 50 points up. Sales on the spot, 296 bales; to arrive, 500. Low middling, 24.50e; middling, 28.25e; good middling, 30.25e. Receipts, 545 bales; stock, 232,180.

SPANISH "FLU" SPREADS OVER ALL OF EUROPE

Two German Armies Put Out of Fighting by Ravages of Strange Malady.

England. - Influenza -'Spanish 'flu," as it is called-is spreading throughout Europe.

In London 'one there have been more than 600 deaths from the disease in less than two months. One week in July the deaths in London reached Quinine queues are common

The Fourth and Sixth German ar-

mies were out of fighting for weeks the disease and great "flu camps" have been established in Belgium and France, where the Germans were sent to receive treatment and to prevent the disease from spreading through the Hun armies. Many deaths occured in these two

Many deaths occured in these two German armies and other German units. Few cases have been reported so far among the allied armies in France, but the ci tilian population of France is suffering greatly, as are the people of Spain and Portugal.

In Britain the disease is not confined to London. The country districts and other cities suffer greatly. In Leeds, Manchester, Herts, Egham, Sheffield and Birmingham curt in schools and factories have closed.

Perhaps the greatest toll, if reports are to be believed, is being taken by the epidemic in Austria, also victim of cholera and diseases arising from malnutrition. The number of cases in Austria is reported to be reckoned in thousands. Spanish "flu" in its symptoms is

SAYS HE PLANNED TO CONVERT BULGARS

Explanation of King Ferdinand's Flight.

I ondon .- Rome dispatch to the Daily

News says:

"A story is in circulation concerning King Ferdinand of Bulgaria's departure from Sofia which I send for what it is worth. It is said he has gone for an indefinite period during which the cabinet has been intrusted with the regency and that his motives are religious. News says:

regency and that his motives are re-ligious.

"The story is that he initiated secret negotiations with the Vatican through the Nuncio of Vienna with the object of establishing permanent diplomatic relations between Bulgaria and the holy see as a prelude to the conver-sion on masse of the Bulgarian people to Roman Catholicism.

"Only a slight hope, is said to be en-tertained at the Valican of a success-ful conclusion of the negotiations, but they are reported to be encouraged by Austria and the Catholle party in Ger-

many.
"Ferdinand's intrigues have aroused widespread indigation in Bulgaria where the orthodox church is considered to be seriously menaced. A naional cabinet has been formed with a policy exclusively based on the defense of religion and the king's departure,

practically amounting to exile, was forced upon him.

"An explanatory statement may possibly be made by the Vatican in justification of future developments in Bulgaria, especially as Mgz. Papadopoulos, a Catholic prelate who is en route to

FEW FATAL AMERICAN GASUALTIES ON MARNE

Washington, Aug. 5.—Of the American soldiers wounded in the Marne-Aisne offensive probably less than one in twenty will die from their wounds, more than four-fifths will be returned to service and only 14 per cent, will be discharged for disability, according to statements of the chief of staff today, based upon the officially attested experience of the allies during the four years of war,

FINAL SUMMONS COMES TO MRS. M. C. M'GILL

Funeral of Pioneer Resident of County Will Be Held Tuesday Morning at Soddy.

Funeral services over the body of Mrs. M. A. McGill, aged 75, widow of the late D. N. McGill, who died Saturday morning at her home near Soddy, will be held Tuesday morning at 10 in the old Soddy celhetery, Rev. John Harris, her pastor, assisted by Dr. T. S. McCallie, will officiate.

Out of a large family of twelve children, she is survived by four sons, Abel and Paul, of Soddy, and B. F. and John, of Chattanooga, and three daughters, Mrs. J. C. Eldridge, of East Chattanooga; Mrs. T. M. Wallace, of McPherson, Kan., and Mrs. James A. Roberts, of Soddy. She is also survived by a sister, Mrs. Martha J. Clift of Fort Chadbourne, Tex.; eighteen grandchildren and twelve great grandchildren.

Mrs. McGill had lived in the old

children.

Mrs. McGill had lived in the old homestead for more than sixty years. She married and settled there previous to the Civil war. She was a deyout Christian and a member of the Presbyterian church practically all her life. Mr. and Mrs. Wallace closed up their home in the west to be with her, and the daughter tenderly ministered unto her during the last two years of her life.

N. C. WAMBOLDT PASSES AWAY IN JACKSONVILLE

Mrs. J. A. Skelton, of this city, was recently called to Jacksonville, Fla., on account of the serious illness of her prother. Nelson Crawford Wamboldt. News has been received here of his death, which occurred on Saturday, July 27. The deceased was a brother of Rev. M. M. Wamboldt, of Asheville, (Copyright, 1918, by the New York World.)

who at one time was paster of the First Baptist church in Chattanooga. Mr. and Mrs. Skelton and their two sons, Frank and Louis, are well-

one, Frank and Louis, are well-known here.

Mr. Wamboldt was one of Jackson-ville's first citizens. He passed away after a long illness. He was born in Halifax, N. S., in 1854, and at the age of 11 years his parents removed to Minneapolis, Minn. The family, after residing in the northwest for several years, took up their residence in Jacksonville in 1875. Shortly after his removal to the Florida city Nelson Crawford Wamboldt engaged in business and maintained it successfully until a few years ago, when, on account of ill health, he retired. He was a member of the city council of Jacksonville for a number of years and was also chairman of the board of public works. He was always deeply interested in the upbuilding of that city. He was a trustee and liberal supporter of the Main Street Baptist church for many years. He was a man of modest and retiring disposition, but of sirong, deep convictions.

Surviving him are his wife, two sisters, Mrs. J. A. Skelton, of Chaitanooga, and Mrs. H. E. Littlefield, of Knoxville, and two brothers, Rev. M. M. Wamboldt, of Chaitanooga.

OBITUARY

Funeral of Mrs. Donnelly. a Catholic prelate who is en route to Rome from Constantinople, has been arrested in Sofia."

GREENWOOD CEMETERY Select lots on easy payments. MISSION TO AUSTRALIA STOPS IN WASHINGTON

Washington, Aug. 5.—France's war mission to Australia, headed by Albert mission to Australia, headed by Albert Metin, member of the chamber of deputies and former cabinet officer and with the famous Gen. Pau as chief of the military section, has arrived in Washington to spend a few days before proceeding on the way to Sydney. Arrangements were made today for the visitors to call on President Wilson and to meet members of the diplomatic corps.

OUISTCONCK⁻IS FIRST LAUNCHED

Largest Shipyard in World Is Scene of Epoch-Making Event.

HURLEY MAKES ADDRESS

Says "We Are Going Through With Shipbuilding Program to the Finish."

marking, in the words of Chairman Hurley, of the shipping board, "another milestone in America's progress in the war against the German government." The Quistconck, of which Mrs. Willeson was sponsor, is the first of the large cargo-carrying vessels to be launched at the Hog Island yard, the largest shippard in the world. It will be followed by another within a few weeks and it is expected that more than fifty ships will be launched by the end of the present year.

"It was no mere incident in a nation's shipbuilding program that brought the president and Mrs. Wilson to the scene of this achievement."

tion's shipbuilding program that brought the president and Mrs. Wilson to the scene of this achievement," said Chairman Hurley, who was the principal speaker at the launching. "It was the beginning of an epoch in the nation's history.

Milestone in Progress.

"This launching marks another milestone in America's progress in the war against the German government. It marks the beginning of quantity production of ships in all the yards of the United States.

"It is doubtful whether any nation ever would have undertaken a shipbuilding program on such a large scale if Germany had not plunged the would into war." Mr. Hurley continued. "We are in it now, and we are going through with it. We are producing more tonnage today than the submarines are sinking and from this time forward our great task will be to replace the tonnage that was lost in the days when we were far behind in the nerveracking race with the sharks of the racking race with the sharks of the

sea.

"We have made tremendous strides in the shipbuilding program and I doubt whether I will ever have a better opportunity to state that the vast scope of this program was due to the vision of the president. Throughout the world, even in Germany, it is adthe world, even in Germany, it is admitted today that America has made herself effective in the war. Not only America, but all the civilized nations of the world had become convinced that this country had no selfish purpose in the war; that this country would have kept out of it if its own honor had not been assailed and the welfare of all humanity had not been at stake.

honor had not been asselled and the welfare of all humanity had not been at stake.

Through War to Finish.

"We are going through with the shipbuilding program to the finish and we are going through with the war to a finish. The American government is planning for a long war because enduring neace will not be in sight until the militaristic system of Germany is broken. Nothing else will convince Germany of the supremacy of right over might. Nothing else will convince her that weak nations are not the natural prey of the strong.

"Even then, the shipbuilding program of America must go on. It will take five years to complete the program and place at the service of many kind a merchant fleet that will make enduring neace by bringing nations closer as the eastern and western and northern and southern states were brought closer by a nationwide system of railroads. The end of the war will find America muster of the process of accountily production of ships. We will to

find America moster of the process quantity production of ships build ships for ourselves and for the world.

world.

Makers of New America.

"The men who have worked on this is shin launched today, and on other chips that are being launched and will yhe launched, are makers of a new America. Through the efforts of the Jahipyard workers, a large army is in France, and through their continuous a work an army steadily growing larger and larger eventually will overwhelm the carefully constructed military mechica with which Germany has sought to dominate the world." to dominate the world."
